## Grown and Evangelizing (Part 6)

Submitted by: Eric W. Doss

### 1. Boldness is a result of prayer.

We also see this need for prayer in the book of Acts when the apostles were warned to not share the gospel any more. The apostles responded with corporate prayer and casting their cares before the Lord. [Acts 4:23-24](#) and verse 31 says this: On their release, Peter and John went back to their own people and reported all that the chief priests and elders had said to them. When they heard this, they raised their voices together in prayer to God. "Sovereign Lord," they said, "you made the heaven and the earth and the sea, and everything in them.... After they prayed, the place where they were meeting was shaken. And they were all filled with the Holy Spirit and spoke the word of God boldly.

The church was empowered to speak the Word of God boldly through prayer. Maybe, we lack boldness in our witness because we lack prayer. Maybe, we lack boldness because we are not weak enough to ask others for prayer.

What else enables us to have boldness in our witness for Christ?

### 2. Boldness is a result of watching and partnering with other bold witnesses.

Paul says that "most of the believers" were encouraged to share the gospel because of his example.

## Prayer Request

Confess your faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much. **James 5:16**

### “6 Places You’re Most Likely to Catch Coronavirus” (Pt.6)

Submitted by: Beatrice Ramsey

#### 6. Indoor social gatherings

Gathering with unvaccinated friends and family who do not live with you is still discouraged by the CDC, especially if you’re indoors. Because COVID-19 is spread through tiny droplets in the air, simply being in close contact with a contagious person could increase your risk of infection, even if they don’t show symptoms. Ideally, gatherings should be held outdoors or in a well-ventilated space, according to the CDC. Spacing tables and chairs six feet apart, planning social-distancing-friendly activities, wearing face masks, and washing hands frequently can further help to protect guests from infection.

And, of course, if you are feeling sick or have been exposed to COVID-19 in the past 14 days, it’s best to skip social gatherings altogether. That’s true regardless of your vaccination status since breakthrough infections can occur among people who are fully vaccinated. The bottom line? “Any place that is crowded where people are not wearing masks is still a hot spot,” Dr. Horovitz says. And that includes your home. “Physical distancing, mask-wearing, and frequent handwashing need to become part of our culture for the near future,” Dr. Lushniak adds. Find out more about the everyday habits that could (and should) change in a post-coronavirus world.
