

April 16, 2023 Vol. 16
Senior Minister, Evangelist Eric W. Doss

MISSION: "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

MEMORY VERSES: "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**
"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

MOTTO: GOD LOVES YOU AND WE LOVE YOU TOO!

April Focus THEME: Mission Minded

From the Minister's Desk

To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (813) 451-0121.

We are regular people from all walks of life. We are imperfect. We have strengths and weaknesses. But we love a perfect God, who sent the greatest example, Jesus Christ, and we want to spend eternity with Him.

We hope you will join us on this journey.

PLUG INTO THE POWER OF PRAYER

Do not be anxious about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God. And the peace of God, which surpasses all understanding, will guard your hearts and your minds in

Christ Jesus - Philippians 4:6-7

Prayers / Special Prayers

Continue to pray for our families in bereavement, our students, our teachers, cities & countries in turmoil, cities and countries devastated by natural disasters, our government officials, our first responders, and all hospital staff

Chronic Kidney Disease-PART 1

Submitted by: Beatrice Ramsey

Chronic kidney disease (CKD) means your kidneys are damaged and can't filter blood the way they should. The kidney are two bean shaped organs, about the size of your fist. They are located in the middle of your back, just below your ribcage. The blood is constant filtered by the kidneys and the waste product is urine. The process of elimination continues as the urine is stored into the bladder waiting for the urge to urinate. The disease is called "chronic" because the damage to your kidneys happens slowly over a long period of time. This damage can cause wastes to build up in your body, CKD can also cause other health problems. There's no cure for chronic kidney disease, but treatments can help relieve the symptoms and stop it from getting worse. The main treatments are lifestyle changes – to help you stay as healthy as possible.

The kidneys keep your body working properly, by balancing the amount of salts and minerals ingested into your body --- such as calcium, phosphorus, sodium and potassium. Your kidneys also make hormones that help control blood pressure, makes red blood cells, and keep your bones strong. Kidney disease often can get worse over time and may lead to kidney failure. If your kidneys fail, you will need dialysis or a kidney transplant to maintain your health. Most illnesses are inherited from family members. It is a good idea to know your family's medical history. To help with prevention and understanding of each illness for a healthy lifestyle. The other main risk factors for developing kidney disease are diabetes, high blood pressure and heart disease...
