Some Valuable Nuggets on Forgiveness

Eph. 4:32 (Part 1)

By: Beatrice Ramsey

This month's installment is on the Subject of Love, God's Greatest Gift. I have found in my Christian Journey that Love works best when our heart is clear of obstacles. One such common obstacle that I constantly work on is Forgiveness, a Godly trait that is in desperate need today. In this article we hope to help and not hurt as we delve in the biblical journey of Forgiveness.

The Spanish have a story about a father and son who had become estranged. The son left home and the father set out to find him. He searched for many months with no success. Finally, in desperation, the father took out a newspaper ad that read, "Dear Paco, meet me in front of this newspaper office at noon on Saturday. All is forgiven. I love you. Your father." On Saturday, 800 men named Paco showed up looking for forgiveness and love from their fathers.

In a fallen world, forgiveness is essential to maintain close relationships. We all need forgiveness and we all need to grant forgiveness, because we all sin and we all have been sinned against.

But asking for and granting forgiveness are not easy tasks! It's not an easy subject to understand, as seen by the fact that different writers say conflicting things about forgiveness. It's not an easy subject to practice, especially on the emotional level. The deeper you have been hurt, the more difficult it is truly to forgive.

Prayer Request

Confess *your* faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much. **James 5:16**

After You've Been Fully Vaccinated, You Can Do This

Submitted by: Beatrice Ramsey

After you've been fully vaccinated, you can wear a mask on planes, buses, trains, and other forms of public transportation traveling into, within, or out of the United States, and in U.S. transportation hubs such as airports and stations. Fully vaccinated international travelers arriving in the United States are still required to get tested within 3 days of their flight (or show documentation of recovery from COVID-19 in the past 3 months) and should still get tested 3-5 days after their trip.

- You should still watch out for symptoms of COVID-19, especially if you've been around someone who is sick. If you have symptoms of COVID-19, you should get tested and stay home and away from others.
- You will still need to follow the guidance at your workplace.
- People who have a condition or are taking medications that weaken the immune system, should talk to their healthcare provider to discuss their activities. They may need to keep taking all precautions to prevent COVID-19.

Things to Remember - When choosing safer activities, consider how COVID-19 is spreading in your community, the number of people participating in the activity, and the location of the activity.
