

August 6, 2023 Vol. 32
Senior Minister, Evangelist Eric W. Doss

MISSION: "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

MEMORY VERSES: "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**
"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

MOTTO: GOD LOVES YOU AND WE LOVE YOU TOO!

August's Monthly Theme: Still Have Joy

From the Minister's Desk

To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (813) 451-0121.

We are regular people from all walks of life. We are imperfect. We have strengths and weaknesses. But we love a perfect God, who sent the greatest example, Jesus Christ, and we want to spend eternity with Him.

We hope you will join us on this journey.

Love gives us memories. Faith gives us strength. Our hearts and prayers are with our bereaved sisters and brothers in Christ. Praying for peace and comfort to everyone impacted by loss. Our deepest heart-felt sympathy

Praying for the family of Jeanette Barnes, sister to Bro Earl Allen. Viewing is Aug 7th 3PM-6PM followed by Ivy Beyond the Wall service 7pm. Homegoing celebration will be Aug 8th, 10AM at Holy Redeemer Catholic Church

SHINGLES

Submitted by: **Beatrice Ramsey**

Shingles is a viral skin infection, affecting the nerve endings of the skin causing intense pain. It can occur anywhere on your body. Shingles is a skin rash that looks like a single stripe of watery blisters, wrapping around the left or right side of your upper body. Sometimes the shingles' rash occurs around one eye or on one side of the face or neck. **CAUSES:** Shingles is caused by the varicella – zoster virus. It is the same virus that causes chickenpox. Anyone who had chickenpox may develop shingles. After you recover from the chickenpox, the virus enters your nervous system and stays inactive for years. Sometimes the virus reactivates and travels along nerve pathways to your skin, producing shingles. **GOOD TO KNOW:** Not everyone who had chickenpox will develop shingles. **UNDERSTAND:** Varicella – zoster is part of a group of viruses called herpes viruses. This is the group that includes the viruses that cause cold sores and genital herpes. As a result, shingles is also known as herpes zoster. BUT the virus that causes chickenpox and shingles isn't the same virus that causes cold sores or genital herpes.

REMEMBER: People who never had chickenpox or didn't get the chickenpox vaccine, can get infected. These people can get the virus through direct contact from the fluid of the shingles rash blisters. If they get infected, they will develop chickenpox. A person with shingles is contagious until the blisters are dried with scab formation.

OTHER RISK FACTORS: Age – the risk of developing shingles increases with age. Shingles typically occurs in people older than 50. People over 60 are more likely to experience more severe complications. Diseases that weaken your immune system, such as HIV/AIDS and cancer with radiation or chemotherapy treatments, can increase your risk of shingles. Some medications that prevent rejection of transplanted organs and long-term use of steroids can trigger shingles. **SYMPTOMS:** A red rash, burning or tingling pain, Sensitivity to touch – most people can't tolerate clothing or bed linen to touch affected area, due to severe pain, itching, fever, headache and weakness. Contact your doctor immediately if you develop a painful skin rash in one area of your body.

Announcements

GOVERN
YOURSELF
ACCORDINGLY

TSU and Meharry Medical College are now offering a 7-year combined undergraduate-MD or DDS degree program (similar to CUNY's Sophie Davis program). They have met their desired goal for enrollment of high school females; however, there are no black males enrolled.

If you know black male high school seniors who are:

- Interested in earning an MD or DDS
- Have scored a 28 on the ACT
- Have a 3.5 GPA

there's an opportunity for them to obtain a 'free ride' at Tennessee State University.

Please forward information on prospective candidates to: Gussie.fuller@gmail.com.

This information will then be forwarded to TSU's President Glover and Mrs. Barbara Murrell.
