Vol. 5

Issue 37

Senior Minister, Evangelist Eric W. Doss

MISSION: "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

MEMORY VERSES: "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**

"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

MOTTO: GOD LOVES YOU AND WE LOVE YOU TOO!

THEME: EACH ONE, SEEK ONE ★ EACH ONE, REACH ONE ★ GOD KEEP US ALL!

JOIN US FOR SUNDAY MORNING WORSHIP - September 12, 2021

8:00AM

Some Valuable Nuggets on Forgiveness Ephesians 4:32 (Part 18)

Now we want to focus on what it means to forgive and how we can practically apply it.

1. To forgive others, we must understand the nature of forgiveness.

Extrapolating from God's forgiveness of us, we can say the following about our forgiveness of others:

A. BIBLICAL FORGIVENESS IS THE DECISION.

Before I tell you what this decision involves, let me underscore that it is a deliberate decision you must make. Here are Five Aspects of Forgiveness:

1. To release the offender from the guilt of his sin.

When God forgives us, He brings down the gavel in His courtroom and declares, "Not guilty! Case dismissed." And the guilty sinner bears his guilt no longer! When you choose to forgive someone, you let the matter drop, releasing him from his guilt.

2. To refuse to bring up the offense to use against the offender.

When God says that He will not remember our sins any more (Heb. 8:12; 10:17), He does not forget them in the sense of amnesia.

HealthCare Ministry "Update on COVID"- (Part 6)

Submitted by: Beatrice Ramsey

2. But the vaccines work

In addition to being more contagious, Delta also appears to be more severe. As my colleague Keith Bradsher reports about southeastern China, where the variant has been spreading: "Patients are becoming sicker and their conditions are worsening much more quickly." (China has more detailed data than many other countries, because it conducts rapid, widespread testing.)

But there is still one very big piece of encouraging news: The vaccines continue to work extremely well against the variants, based on the evidence so far. The best performing vaccines vastly reduce the number of Covid cases of any kind and virtually eliminate death.

"The Delta variant is by far the most contagious variant of this virus we have seen in the entire pandemic," Dr. Ashish Jha said yesterday. "The good news is the data suggests that, if you've been fully vaccinated, you remain protected, that the vaccines hold up."

The clearest place to see this pattern is Britain, where the Delta variant has spread widely and where the vaccination rate is high. In Britain, there is "still no sign of increase in deaths, well after the strain has become dominant," as Dr. Eric Topol of the Scripps Research Translational Institute noted.
