Some Valuable Nuggets on Forgiveness Ephesians 4:32 (Part 19)

A. BIBLICAL FORGIVENESS IS THE DECISION.

Before I tell you what this decision involves, let me underscore that it is a deliberate decision you must make. Here is another Aspect of Forgiveness:

2. To refuse to bring up the offense to use against the offender.

When God says that He will not remember our sins any more (Heb. 8:12; 10:17), He does not forget them in the sense of amnesia.

Rather, He means that He will not bring up any of our offenses against us in the future. We do not have to fear standing before Him someday, because there is now no condemnation for us in Christ (Rom. 8:1). To forgive someone is to promise not to bring the matter up again to use against him.

Sometimes it is necessary to bring up a forgiven sin for the purpose of teaching or restoration. Sometimes it is proper to impose consequences to teach the seriousness of sin, as God did with David after his sin with Bathsheba (2 Sam. 12:9-14). It may be proper for a forgiven offender to be required to make restitution. If he committed a crime, he may need to be prosecuted and spend time in prison.

Prayer Request

Confess your faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much. **James 5:16**

3. The lesson is clear

Nothing is more important than vaccination.

Persuading more Americans to get vaccinated will save some of their lives. And a more rapid global vaccination program can save millions of lives around the world. Delta already appears to be at least partly responsible for rising case counts in several African countries, Russia, Ontario and elsewhere.

“If you’re fully vaxxed, I wouldn’t be too worried, especially if you’re in a highly vaxxed region,” Wachter wrote. “If you’re not vaccinated: I’d be afraid. Maybe even very afraid.”

More on the virus: Novavax announced that a clinical trial of its vaccine in the U.S. and Mexico found an efficacy rate of about 90 percent.
