### "Reasons to Fall in Love with Him" (Part 3)

#### 1. God's Love Is Self-Giving

Love involves action. It is expressed in the giving of oneself for the good of another, so it always demands an object.

Whenever we talk about love we are suggesting that there is more than one person involved. There must be at least two—the one who loves and the one who is loved.

If God has always been love and love demands an object, we may wonder how God demonstrated His love before He created angels or men. Jesus answered that question. He revealed that there was a love relationship between the persons of the triune Godhead from eternity past, when He said to His Father, "Thou didst love Me before the foundation of the world" (**John 17:24**). We have seen that God is complete and sufficient in and of Himself. He has no needs which must be met by others outside Himself. He did not need to create other beings in order to express His love. It was perfectly expressed between the persons of the Trinity from all eternity.

Yet He did create. Why? He wanted so much to manifest His love that He first created the angelic hosts and later the human race so that he might communicate Himself to them, give of Himself for them, and bestow His very best on them for their benefit and blessing. Our love is often selfish and demanding. God's love is pure. Because He is love, He loves to give. Jesus said He gives good things to those who ask Him (**Matthew 7:11**).

## Prayer Request

Confess *your* faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much. **James 5:16**

#### “Are You Wearing Your Mask Correctly?”

Submitted by: Beatrice Ramsey

#### **MISTAKE 4: Your face mask covers only the tip of your nose.**

It's key to put your mask on the bridge of your nose, not at the end of it, so that you can create the best seal you can with the mask you have.

“If you [are covering] just the tip of your nose, that's going to leave big air gaps on the top of your mask for air to be able to come in and out,” Sorrell said. “That's why we recommend that the mask sits on the bridge of your nose and not the tip.”

#### **MISTAKE 5: You don't properly clean your mask if you reuse it.**

If you're planning to reuse your mask, you need to make sure it does not become one more contamination zone. The CDC says you can wash homemade fabric masks in a washing machine.

“I would wash them every day,” Sorrell said. “Then you're at least making sure that your mask is clean on a daily basis.”

Medical experts have previously told HuffPost that disposable N95 masks can also be steamed over a pot of boiling water for 10 minutes, but need to be dry before use.

Once a mask is visibly soiled or damaged, safely dispose of it.
