

MISSION: "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

MEMORY VERSES: "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**
"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

MOTTO: GOD LOVES YOU AND WE LOVE YOU TOO!

November's Monthly Theme: Each One Bring

From the Minister's Desk

To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (813) 451-0121. corner

We are regular people from all walks of life. We are imperfect. We have strengths and weaknesses. But we love a perfect God, who sent the greatest example, Jesus Christ, and we want to spend eternity with Him.

We hope you will join us on this journey.

Our thoughts and prayers are with those in their times of mourning.

STATISTICALLY SPEAKING

Submitted by: **Beatrice Ramsey**

Breast Cancer: It is not completely a female disease. Younger women under the age of 35, at the time of their original cancer diagnosis, face a higher risk of breast cancer recurrence. In 2023, an estimated 2,800 men will be diagnosed with invasive breast cancer, in the United States. An estimated of 530 U.S. men will die from breast cancer in 2023. Black men with breast cancer, have the worse prognosis than white men. The lifetime risk of a United States man, developing breast cancer is about 1 in 833.

Liver Cancer: The 13th most common cancer in the United States, with about 41,210 new cases expected to be diagnosed in 2023. The liver removes toxic waste from the body. Most of the time when cancer is formed in the liver, the original place of cancer, began somewhere else in the body.

Risk Factors: Men are twice more likely to get liver cancer than women. Due to prolong chronic alcoholism, smoking and drug abuse. Obesity increases the risk of developing liver cancer. People with family members having a history of liver cancer, is a high risk for developing liver cancer themselves. The most important risk factor for liver cancer, is a chronic viral infection-- mainly hepatitis B or hepatitis C. Cirrhosis of the liver, is a disease that can rapidly develop into cancer.
