"In Search of Wisdom" (Part 12)

From the Minister's Desk

Again in Proverbs chapter 1 Wisdom calls (vv. 20-21). Some listen (v. 33). Some don't (vv. 21-32).

When writing to the young men who were being educated for leadership, Solomon told them that wisdom was essential for their future hope. Was this the kind of wisdom that they could reproduce on a test? The kind of wisdom that they could recite in front of an audience? No – that's a better description of information than wisdom. Leadership without wisdom will do more harm than good. As much as students prepare for leadership, there is no textbook that will give them a technical answer to every difficult situation they will face. Still, Solomon instructs: "Know also that wisdom is sweet to your soul; if you find it, there is a future hope for you, and your hope will not be cut off" (Proverbs 24:14). I think of all the mistakes I have made in this life and sad to say am still prone to mistakes. One author put it this way. "Of course, the Bible does not answer every question about life. Every fork in the road does not have a Biblical arrow. We have need of wisdom in ourselves to know the path of lasting joy. But that, too, is a gift of Scripture. "The law of the Lord is perfect...making wise the simple...the precepts of the Lord are right, giving joy to the heart" (Psalm 19:7-8, 119:98). People whose minds are saturated with God's Word and submissive to his thoughts have a wisdom that in eternity will prove superior to all the secular wisdom in the world. "Blessed is the man who finds wisdom, the man who gains understanding" (Proverbs 3:13)

Our culture is fat on information but thin on wisdom. Godly leaders must know how to take the raw material of knowledge and refine it into wisdom, turning crude data into high-octane wisdom. Wisdom perseveres; it lasts beyond all the currents of culture, beyond the fashions of the day. Wisdom seeks that which will last and is willing to trade immediate gratification for an eternal reward. Failure to acknowledge this will result in leaders who carelessly spend their lives constructing a house of cards.

“Strokes, heart attacks, sudden deaths: Does America understand the long-term risks of catching COVID?”

Submitted by: **Beatrice Ramsey**

No age group is reliably safe

Significantly, the risk of some of these complications is stronger in younger adults. At the other end of the spectrum, a huge study found that COVID-19 increased the risk of developing Alzheimer’s in those 65 and older by 50% to 80%—and that was in people with no previous diagnosis.

Researchers believe that COVID-19 infection induces a prothrombotic and proinflammatory state, which may increase the risk of blood clots. In a cohort study of 48 million adults in England and Wales just published, COVID-19 was linked with dramatic increases in both arterial clots (these cause strokes and heart attacks) and venous thromboembolism (these are blood clots in the lungs and legs, among other places).

Clearly, we are still in the clutches of the virus, and some of the outcomes are frightening. A study that included data from over a million pediatric patients found that adolescents ages 18 and younger had a 72% increased risk of developing Type 1 diabetes in the six months following their COVID infection. That risk isn’t limited to children; it’s being seen in adults, too.

A nightmare scenario? A mild COVID case that leads to life-long diabetes. But rather than continue to beat the drum for caution, most cities, governments, and even the CDC are loosening restrictions when it comes to COVID precautions

Confess *your* faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much. **James 5:16**

GRIEF

Just One More Day

Sometimes I wonder what I would say
If we had just one more day

Would I tell you the news from home?
Ask you about where you now roam?

Would I tell you all the things left unsaid?
The guilt and regrets still in my head?

Would I want to know that you're okay?
Beg you please to come back and stay?

Would I not say all that much?
And just reach out for one last touch?

I don't know what I would say
But I do sure wish for that one more day

As a church family, we mourn with and send our deepest condolences to the JONES, LEE, WIGGINS, DAVIS, & TROY family at the passing of:

EMANUEL EARL JONES, brother of Sis Alma Lee & Margaret Wiggins. Bro. Jones was eulogized on Friday, November 4th

&

ALMA LEE, wife, mother, grandmother & devoted worker for the Lord until the end. Sis. Lee was eulogized on November 5th
