

April 14, 2024 Vol. 15
Senior Minister, Evangelist Eric W. Doss

MISSION: "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

MEMORY VERSES: "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**
"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

MOTTO: GOD LOVES YOU AND WE LOVE YOU TOO!

April's Monthly Theme: (Mission Minded)

From the Minister's Desk

To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (786) 491-5072

We are regular people from all walks of life. We are imperfect. We have strengths and weaknesses. But we love a perfect God, who sent the greatest example, Jesus Christ, and we want to spend eternity with Him.

We hope you will join us on this journey.

Margarette Simmons	Ella Trice
Joe Wiley	

Love gives us memories. Faith gives us strength. Our hearts and prayers are with our bereaved sisters and brothers in Christ. Praying for peace and comfort to everyone impacted by loss. Our deepest heart-felt sympathy

Our thoughts and prayers are with those in their times of mourning.

God didn't promise days without pain, laughter without sorrow or sunshine without rain. But He did promise strength for the day and light for the way.

Parasites

Submitted by: **Beatrice Ramsey**

Parasites are living invaders, located inside or outside the human body. The parasite victim is called the host. It depends on the host for food and other things it needs to survive. They grow or multiple in a way that harms their host. However, they need their host for survival. For this reason, they rarely kill their host, but they often cause diseases that are life threatening. Parasites are more likely to be found in your intestinal areas. Since contaminated food, water/drinks are provided through the gastrointestinal system. You may have parasites spending some or all their life cycle in the blood stream. Other parasites only travel through the blood to get to another part of the body. Keep in mind – parasites are not a normal healthy body occurrence. They only appear when someone or something let them in.

The mosquitoes are the most common parasite invaders. They are carriers of different diseases, depending on the host's blood, they recently contacted. Malaria, encephalitis and dengue fever are just a few, among a list of diseases. Symptoms includes: fever, headaches, neck and muscle pains, skin rash and diarrhea. There are worm parasites that enters the body through food or drinks. Tapeworms are presence in the intestine from eating poorly prepared meats.
