May 12, 2024 Vol. 19
Senior Minister, Evangelist Eric W. Doss

MISSION: "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

MEMORY VERSES: "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**
"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

MOTTO: GOD LOVES YOU AND WE LOVE YOU TOO!

May's Monthly Theme (God's Flowers & Showers)

From the Minister's Desk

To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (786) 491-5072

We are regular people from all walks of life. We are imperfect. We have strengths and weaknesses. But we love a perfect God, who sent the greatest example, Jesus Christ, and we want to spend eternity with Him.

We hope you will join us on this journey.

Love gives us memories. Faith gives us strength. Our hearts and prayers are with our bereaved sisters and brothers in Christ. Praying for peace and comfort to everyone impacted by loss. Our deepest heart-felt sympathy

God didn't promise days without pain, laughter without sorrow or sunshine without rain. But He did promise strength for the day and light for the way.

Our thoughts and prayers are with those in their times of mourning.

The Thyroid Gland – Part 2

Submitted by: Beatrice Ramsey

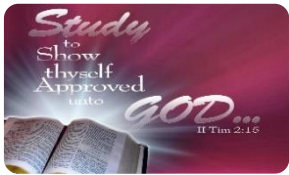

Let's refresh our memory regarding the functions of the thyroid gland. The main functions, to make and release hormones directly into the blood stream to convert food eaten into energy and to regulate calcium levels for maintenance of strong bones, heart, muscles and nerves during normal daily activities. Several types of problems can arise when your thyroid makes too much hormones (hyperthyroidism) or not enough hormones (hypothyroidism). TV lovers occasionally is confronted with a commercial concerning Graves' Disease. This an eye disease as a result of hyperthyroidism. This condition occurs when your immune system mistakenly attacks the muscle and fat tissue behind your eyes causing redness, swelling and scar tissue to form. Another problem with hyperthyroidism: Goiter is a noncancerous enlargement of your thyroid gland. The most common cause of a goiter is iodine deficiency in your diet.

Hypothyroidism includes thyroid nodules that can be solid or fluid - filled growth that is form outside or inside your thyroid gland. Most nodules are benign but can be cancerous in a small percentage. Hashimoto's thyroiditis is a condition occurring when the body's immune system, mistakenly attacks and slowly destroys the thyroid gland's ability to make hormones.
