

MISSION: "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

MEMORY VERSES: "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**
"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

MOTTO: GOD LOVES YOU AND WE LOVE YOU TOO!

From the Minister's Desk

To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (786) 491-5072

We are regular people from all walks of life. We are imperfect. We have strengths and weaknesses. But we love a perfect God, who sent the greatest example, Jesus Christ, and we want to spend eternity with Him.

We hope you will join us on this journey.

Love gives us memories. Faith gives us strength. Our hearts and prayers are with our bereaved sisters and brothers in Christ. Praying for peace and comfort to everyone impacted by loss. Our deepest heart-felt sympathy

Our thoughts and prayers are with those in their times of mourning.

God didn't promise days without pain, laughter without sorrow or sunshine without rain. But He did promise strength for the day and light for the way.

Lupus Disease

Submitted by: Beatrice Ramsey

Lupus is a chronic (long-term) disease that can cause inflammation and pain, in any part of your body. It's an autoimmune disease, which means that your immune system, that usually fights infections, attacks healthy tissues instead. The good part about lupus, it's not contagious—you can't "catch" lupus or give it to someone else. The exact cause of lupus is unknown. Researchers are studying what might cause or trigger the disease. Such as genetics, viral infections, sunlight, certain medications, smoking and problems with the immune system. Good to know-anyone can get lupus, but women get it much more than men. **Remember:** there is no cure for lupus, treatments can help control symptoms. Lupus affects people of all ages, most often diagnosed between 15–45. It is more common in African Americans, Hispanics and Asian Americans. Also, people who has a family member with lupus or another autoimmune disease is highly susceptible to having lupus.

Lupus can be difficult to diagnose because symptoms often mimic other ailments. The most distinctive sign of lupus is a red facial rash, resembling the open wings of a butterfly, across both cheeks and bridge of nose. Fortunately, this does not occur in all cases. Contact your doctor if any uncontrolled fever, persistent pain, fatigue and skin lesion that worsen with sun exposure occurs.

Be thankful for the closed doors, road blocks, and detours. God protected you from paths and places that were never meant for you.

"If we really believe God wants to be in all parts of our life, we can't drop God off in the morning and pick Him up at 5 pm."
