To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (786) 491-5072

### Grieving Stages – Part 2

**Submitted by: Beatrice Ramsey**

Last week we discussed denial, the first step of the grieving process. There are four remaining steps most people encounter before completion, of the grieving process. However, everyone grieves differently in their own unique way. Their acceptance appears normal for them. But complicated grieving can develop, if grieving continues to linger for a longer period of time, from several months into years, thereby preventing mental healing.

**ANGER** – is a natural emotion after someone has died. Death can seem cruel and unfair, especially when you feel someone has died before their time or you had plans for the future together. You may have bitterness - don't want to be bother by anyone and your anxiety level may increase with impatience. These mental emotions left unsolved can cause physical pain.

**BARGAINING** – this is the third stage, that happens when you start to make deals with yourselves or perhaps with God, if you are religious. It's common to find ourselves going over things that happened in the past and asking a lot of 'what if' questions, wishing you could go back and change things with the hope, everything could have turned out differently.

*Part 3 next week.*
