October 27, 2024 Vol. 44
Senior Minister, Evangelist Eric W. Doss

MISSION: "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

MEMORY VERSES: "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**
"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

MOTTO: GOD LOVES YOU AND WE LOVE YOU TOO!

October
(Safe In His Arms)

From the Minister's Desk

To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (786) 491-5072

We are regular people from all walks of life. We are imperfect. We have strengths and weaknesses. But we love a perfect God, who sent the greatest example, Jesus Christ, and we want to spend eternity with Him. We hope you will join us on this journey.

Love gives us memories. Faith gives us strength. Our hearts and prayers are with our bereaved sisters and brothers in Christ. Praying for peace and comfort to everyone impacted by loss.

Our deepest heart-felt sympathy

Our thoughts and prayers are with those in their times of mourning.

Breast Cancer Awareness

Submitted by: Beatrice Ramsey

There are many different forms of breast cancer, and each type may have multiple variations. Noninvasive Breast Cancer – means your disease is located in the milk ducts, where it started and has not spread to anywhere else, in the breast or other parts of the body. This ductal cancer is the most common form of noninvasive breast cancer. In its original place, it is a stage 0 cancer. It is also the earliest and the most treatable form of breast cancer. Although it was noninvasive when it was diagnosed, left untreated over a period of time it can become invasive. Another type is Invasive Breast Cancer. This means the cancer has spread beyond its original location, invading other parts of the breast and possibly the lymph nodes. Over time may spread to other parts of the body. Tubular Carcinoma consists of small tube-shaped tumors, less aggressive and slow-growing disease. They are diagnosed most often in women in their 50's. It usually doesn't spread beyond the breast and respond well to treatment. Mucinous Carcinoma consist of cancer cells that "float" in pools of mucin (thin liquid mucus). This cancer affects post-menopausal women in their 60's and 70's, less aggressive and responds well to treatments.
