October 6, 2024 Vol. 41  
Senior Minister, Evangelist Eric W. Doss

**MISSION:** "To proclaim and teach the message of Jesus Christ, live for God, love one another and minister faithfully to people."

**MEMORY VERSES:** "God is our refuge and strength, a very present help in trouble." **Psalms 46:1**  
"Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time: Casting all your care upon Him; for He careth for you." **1 Peter 5:6 & 7**

**MOTTO:** GOD LOVES YOU AND WE LOVE YOU TOO!

October  
(Safe In His Arms)

**From the Minister's Desk**

To our distinguished visitors:

We are honored to have you worship with us! We'd love to get to know you better, share our mission and vision as a church and explore how you can become a part of our family.

If you, any member of your family or friends you know of are interested in becoming a member of the Liberty City Church of Christ, please contact any member of the Liberty City Church of Christ and they will direct your request to our Evangelism Ministry Leaders or you may call our Evangelist directly, Eric W. Doss (786) 491-5072

We are regular people from all walks of life. We are imperfect. We have strengths and weaknesses. But we love a perfect God, who sent the greatest example, Jesus Christ, and we want to spend eternity with Him. We hope you will join us on this journey.

### Bone Cancer

**Submitted by: Beatrice Ramsey**

Bone cancer is a malignant tumor that develop when cells, in the bone grow out of control. There are two types of bone cancer – primary this type starts inside the bone. Secondary spreads to the bone from another part of the body. Bone cancer is more common in children, adolescents and young adults. It is very rare in adults over 40 years of age.

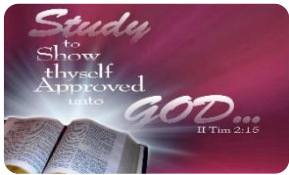

Let's look at the four stages of bone cancer: Stage 1 – the cancer cells are localized and considered low grade. Stage 2 – the cancer is still localized but considered high grade. Stage 3 – the cancer cells are still localized in the bone and has spread to several different places within the same bone. Stage 4 – the most advance cancer of this disease, has spread to other areas of the body. Good To Know – The term 'bone cancer' doesn't include cancer that starts from another part of the body and spread to the bones. The cancer is named from the place it began, such as cancer that spread from the lungs to the bones is still lung cancer with metastasis. Symptoms; pain and swelling at the affected bone, weak and easy broken bones, weight loss without trying. Notify your doctor immediately, if you have severe unrelieved pains doing body movements
