EVANGELIST ERIC W. DOSS, MFT
A licensed Prepare & Enrich Marriage Consultant. Has preached across the country and on foreign soil conducting meetings, workshops, lectures, symposiums, and conferences. Has been a cherished shepherd with embodying unwavering commitment and leadership

TO OUR DISTINGUISHED VISITORS

We are honored to have you worship with us! It's our joy to get to know you better, share the mission and vision of our church, and explore how you can become a part of our growing family.

If you, any member of your family, or friends you know are interested in becoming a member of Liberty City Church of Christ, please reach out to any member of our church, and they will direct your request to our Evangelism Ministry Leaders.

Alternatively, you can reach me directly at (786) 491-5072.

We are regular people from all walks of life—imperfect with strengths and weaknesses. But we serve a perfect God who sent the greatest example, Jesus Christ, and we desire to spend eternity with Him.

We invite you to join us on this transformative journey!

-Evangelist, Eric W. Doss

Skin Colors

Understanding skin colors black and white, are long overdue. Hopefully, after reading this article, you will have a good understanding of the difference. The original black people came from Africa, according to genetic researchers. This occurred thousands of years ago, in southern Africa near the equator, the hottest area year – round. The human body was created with a skin protector, covering the entire body. The skin cells, melanocytes protects the body from harmful ultraviolet sun rays by producing a pigment substance called melanin, giving skin a dark color. Melanin blocks the sun's UV rays by absorbing and scattering the UV rays.

However, less exposure to direct sun light UV rays, the lighter the skin color, in cold areas where melanin frequency is less needed. Excess exposure to the sun's UV rays, increase production of melanin with darker skin. **GOOD TO KNOW:** Genetics and environmental factors have a major role which directly impacts skin color.

Advantage: Melanin prevent skin cancer by eliminating the sun's UV rays. Melanin also protect vitamin B9 levels from harmful UV ray. Vitamin B9 is responsible for healthy red blood cells growth and functions. **Disadvantage:** decrease vitamin D absorption,-- needed for healthy bones and muscle.

You're a February baby
and this card is just for you
though hearts & flowers line the streets
your day is special too.
I'm sending you my blessings
that the years will find you strong
and in this month of love and caring
I'm passing mine along

Intersection of Growing & Up

You may be weak,
But JESUS is Strong!

Build your life
on the sure foundation of Jesus.

For Jesus is
the **Rock of Faith**,
the **Rock of Hope**, and
the **Rock of Strength**
that you can depend on!

In every situation, look to the Lord,
and He will take away
your weaknesses,
your doubts and
your fears.

It is in the courage you get from His promises
that you will find your strength,
that you will find your faith.

Then when the storms of life come,
you will be standing on
the sure foundation of

Jesus, the Rock!
