TO OUR DISTINGUISHED VISITORS

We are honored to have you worship with us! It's our joy to get to know you better, share the mission and vision of our church, and explore how you can become a part of our growing family.

If you, any member of your family, or friends you know are interested in becoming a member of Liberty City Church of Christ, please reach out to any member of our church, and they will direct your request to our Evangelism Ministry Leaders.

Alternatively, you can reach me directly at (786) 491-5072.

We are regular people from all walks of life—imperfect with strengths and weaknesses. But we serve a perfect God who sent the greatest example, Jesus Christ, and we desire to spend eternity with Him.

We invite you to join us on this transformative journey!

-Evangelist, Eric W. Doss

EVANGELIST ERIC W. DOSS, MFT

A licensed Prepare & Enrich Marriage Consultant. Has preached across the country and on foreign soil conducting meetings, workshops, lectures, symposiums, and conferences. Has been a cherished shepherd with embodying unwavering commitment and leadership

Rheumatoid Arthritis-- Arthritic Hands

Rheumatoid arthritis is a chronic autoimmune disease, primarily affecting the lining of joints in the hands, knees or ankles. Usually the same joint on both sides of the body is affected, such as both hands or knees. Rheumatoid arthritis (RA) is one of the most crippling or disabling form of arthritis. The immune system mistakenly attack the cells in the tissue lining around a joint, that produces a fluid to help the joints move smoothly without discomfort. The inflamed tissue gets thicker and makes the joint area feel tender.

The affected area look red and swollen, movements of the joint is very painful. Defensively, the affected area form some type of a shape, that stabilize the affected area, decreasing pain. This is the reason why RA cause permanent joint deformities. **GOOD TO KNOW:** for unknown reasons, more women than men get RA, and it usually develops in middle age. Another symptom, morning stiffness that last for 30 minutes or longer.
