TO OUR DISTINGUISHED VISITORS

We are honored to have you worship with us! It's our joy to get to know you better, share the mission and vision of our church, and explore how you can become a part of our growing family.

If you, any member of your family, or friends you know are interested in becoming a member of Liberty City Church of Christ, please reach out to any member of our church, and they will direct your request to our Evangelism Ministry Leaders.

Alternatively, you can reach me directly at (786) 491-5072.

We are regular people from all walks of life—imperfect with strengths and weaknesses. But we serve a perfect God who sent the greatest example, Jesus Christ, and we desire to spend eternity with Him.

We invite you to join us on this transformative journey!

-Evangelist, Eric W. Doss

EVANGELIST ERIC W. DOSS, MFT

A licensed Prepare & Enrich Marriage Consultant. Has preached across the country and on foreign soil conducting meetings, workshops, lectures, symposiums, and conferences. Has been a cherished shepherd with embodying unwavering commitment and leadership

LIBERTY CITY
CHURCH of CHRIST

It is very important to become familiar with our body parts functioning abilities. Knowing what each organ, gland or blood vessel is responsible for, during daily health maintenance, helps us to have better insight on illness, when it occurs. Remember, the skin is the largest outside covering organ of our bodies. However, the liver weighting about 3 pounds is the largest internal organ and gland because of it's filtering and other functioning abilities. Detoxifies the blood eliminating harmful substances, gets rid of bilirubin the end product of old dead red blood cells, makes bile a fluid that helps the body to digest fats, turn food into protein and carbohydrates so the body can use them.

Also produce a substance to help the blood to clot when needed. Regulates the amount of blood in the body, such as every minute the liver filters about 1.4 to 1.7 liters of blood. This amount equals to approximately 22 to 25 gallons per hour and over a 24-hour period the liver filters more than 250 gallons of blood daily. However, the liver remains active when you are not eating or drinking, and when you are at rest or sleeping. **GOOD TO KNOW:** The liver is the only organ in the body that can regenerate or regrow itself. As a result, you can donate a part of your liver to someone else, and both your liver and the recipient's liver will grow to near full size again and gain their full functions.

LIBERTY CITY CHURCH of CHRIST
4TH SUNDAY
Youth FELLOWSHIP
Theme
"THE HARVEST IS PLENTIFUL"
Scripture: Matthew 9:37 – "Then he said to his disciples,
'The harvest is plentiful, but the laborers are few.
Focus: Reminding youth that October is harvest season
and God is calling them to work in His vineyard."
Youth Educational MINISTRY
October 26, 2025 at 2:30pm
Liberty City Church of Christ
1263 NW 67th Street, Miami, Florida 33147
